

# California Los Padres Section of the American Chemical Society and CSU Channel Islands Chemistry Department

Invite you to the November Talk

**Speaker:** Professor Steven Clarke  
Faculty Distinguished Professor  
UCLA Department of Chemistry and Biochemistry

**Title:** Fighting off chemical aging with biochemistry: protein and small molecule damage and repair

**Date:** Saturday, November 9, 2019

**Time:** 3:00 PM - 4:30 PM

**Location:** Cal State Channel Islands Boating Center  
3880 Bluefin Circle  
Oxnard, CA 93035

**Cost:** Free

**Snacks and coffee will be served!**

Professor Clarke received his B.A. degree from Pomona College in 1970 and his Ph.D. degree from Harvard University in 1976. After a two-year postdoctoral appointment as a Miller Fellow at the University of California at Berkeley, he joined the UCLA faculty in 1978. His research at UCLA has focused on roles of novel protein methyltransferases in aging and biological regulation.
